Journal of Behavioral Decision Making
J. Behav. Dec. Making, **20**: 546 (2007)

Volume 20 Keyword Index

acquittal, 481
advice, 21
advice taking, 153
affect heuristic, 365
aggregation, 153
anger, 499
anticipated regret, 533
arousal, 81
attraction effect, 323

bias, 125
biases, 467
bootstrapped experts, 143
bootstrapping, 381

calibration, 381
case-based judgment, 381
children vs. adults, 241
choice, 323
choice deferral, 405
cognition, 1
college admissions, 143
comparative judgment, 21
confidence, 153, 455
consumer decision making, 521
context effects, 273, 323
conviction, 481
cooling off, 499
correlated advisors, 153
correlated cues, 153
crime analysis, 455
cue-based classification, 37

decision biases, 253
decision making, 223
decision-making, 125, 207, 273
decisions from experience, 305
decoy effects, 323
deferred payments, 521
depreciation, 521
difficulty, 21
disengagement, 81
disposition effect, 425
dual-process theories, 103

effortful decision making, 343
egocentrism, 21
emotion, 1
emotions, 499
escalation of commitment, 81
evaluability, 365

fast and frugal heuristics, 37
fear, 499
feature priming, 143
fictitious play, 305
field data, 143
focusing, 1
forecasting, 381
framing effects, 125, 223

gambles, 365
gender bias, 467
goal striving, 343
goals, 81
guilt, 1

human reasoning, 103

implementation plans and intentions, 343
inaction inertia, 65
incidental emotions, 143
inclusive and exclusive intervals, 179
indecisiveness, 405
independence of irrelevant alternatives, 305
individual differences, 405
information processing, 455
information seeking, 207
interval estimates, 179
intuitive and analytic processing, 103
intuitive judgment, 381
inventor behavior, 253
investment risk, 273
investor behavior, 425

judgment, 273
judgmental weighting, 21
jurors, 467, 481

linguistic metaphors, 499
loss aversion, 323

mechanism, 1
mental accounting, 65, 521
momentum trading, 305
motivation and decision making, 343

naturalistic decision making, 143

optimism, 253
overconfidence, 179, 253, 425

perceived control, 533
perception, 273
personality, 223
phantom decoy, 323
planning, 343
plans, 81
preference construction, 365
priming, 143
probability assessment, 481
probability of guilt, 481
problem gambling, 103
process-tracing, 405
prosecutors, 467
prospect relativity, 273
provocation, 499

regret, 207
reinforcement learning, 305
representativeness bias, 425
revenge, 499
risk perception, 533
risky decision-making, 241

saving decisions, 273
self-esteem, 223
self-regulation, 81
social cognition, 125
stability, 241
sunk-cost bias, 253
system neglect, 153

the reversed certainty effect, 305
threat assessment, 37
time pressure, 81
transaction benefits, 521
transaction decoupling, 65

uncertainty, 179, 207

voluntary manslaughter, 499
voluntary risk-taking, 533

weather, 143
